

REMARKS

This case has been carefully reviewed and analyzed in view of the Official Action dated June 14, 2005.

The Examiner has objected to the specification because of informalities. The specification has been amended to avoid this objection.

Further, the Examiner has rejected claims 1-3 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1-3 have been canceled and replaced with new claims 4-5 which are rewritten from claims 1-3 to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The applicant has reviewed the prior art as cited by the Examiner but not used in the rejection and believes that the new claims clearly and distinctly patentably define over such prior art.

It is now believed that the subject Patent Application has been placed in condition of allowance, and such action is respectfully requested.

Respectfully submitted,

Signature
